A...../...../G...../B...../

Cause you made me want to be
A different kind of me
But a different kind of you
Didn't want that that kind of me

E7//.....//A7.....//.....//

.....So I got dressed up for you

A7//.....//F7.....//.....//

.....And then you dressed me down for free

E7//.....//.A7.....// F#7..... //.....//

I should have never got so done up for you

Because you wanted me to re-arrange
Join you in your different age
But my different kind of brain
Didn't want that kind of domain

E7.....//.....//A7.....//.....//

.....So I got made up for you

A7//.....//F7.....//.....//

.....But then you left me up a monkey tree

E7//.....//A7.....//F#7..... //.....//

I should have never got so made up for you

Cause it's a different kind of scene
Up your monkey puzzle tree
Now it's a different kind of view
Of a different kind of you
