

Something Great (mm 98) Steve Cournane 10/07/20

diads starting 9th fret

Bsus..../B add11../Asus add9../A add9../

He misread all the rules that they wrote
Lima musician's picnic
Someone cheated in the kid's sack race
In the end he just had to leave

Bm7..... /...../E..... /...../

Some crappy reason that he gave

E triad.// F#m11...../

But something great would come from you
And something great will do

He was misled by a sacrificial goat –
the collection group called APDAYC
A big mistake he counted your money
Then that winter really humbled the place...
it froze the heart on his sleeve

Wasn't much that could be saved

But something great would come from you
And something great will do

E triad.// F#m11.../...../

Will Do

Will Do

Will Do
